THE BENEFITS OF SCORE! MENTAL MATHS ACTIVITY WORKBOOKS:

- *No planning! The work has been done for you!
- *No photocopying!
- *Learners should complete a grid in less than 5 minutes!
- *No marking!
- *Self correcting! Each answer forms part of the next calculation. Since all division sums divide neatly, a fraction suggests that the learner has made a mistake and ought to go back and make corrections.
- *Improved numeracy will make the task of teaching maths easier!
- *By the end of the series each learner should have a very good command of mental maths!
- *At the back of each workbook is a grid for learners to fill in their own scores allowing for instant assessment.
- *On the inside cover there are guidelines for doing the activities in a match/tournament setup.

FONT EXPLANATION AND EXAMPLES

Print Script

Print script is a neat, clear, rounded print.

The quick brown fox
jumps over the lazy dog.

Natalia Script

Natalia was introduced as a forerunner to cursive. These letters are much thinner and most letters have a flick. The flick assists with the joining of letters when constructing words.
